**The Human Mouth.**  
It has been discovered that the hu-  
man mouth is slowly but surely and  
steadily moving toward the left of the  
face, which will in time bring it some-  
where in the neighborhood of the left  
ear. All the five great races of man  
have an uncontrollable tendency to eat  
only with the teeth which grow from  
the left jaws. This wears out the left  
teeth more rapidly than those on the  
right side of the mouth, and this in  
turn gives the upper and lower jaws  
an inclination toward the left.  
It is the expressed opinion of many  
scientists who are foremost in the  
world's roll of professional honor that  
in the course of time the mouth from  
causes above mentioned will have com-  
pletely changed its position and that it  
will then be situated rather nearer the  
left ear than to the nose.  
**Uninjured Lions Seldom Charge.**  
Like every other animal, the lion  
tries to avoid man until wounded, and  
it is only in exceptional cases of there  
being young ones to guard or from as-  
tonishment at seeing the hunters so  
close to them that they charge when  
being tracked.  
They charge with the same coughing  
roar that a tiger does and come at  
great speed close to the ground, not  
bounding in the air, as they are repre-  
sented in pictures. Their ears are  
pressed close to the head, giving them  
the conical appearance of being with-  
out ears.—London Times.  
**The Most Enraged.**  
"Let me now," said the chairman of  
the reception committee, "introduce to  
you the man who occupies the highest  
station in our community."  
"Ah, pleased to meet you, sir," said  
the distinguished foreigner. "May I  
ask what your business is?"  
"I am the weather observer,"—Chica-  
go Record-Herald.  
**To Heaven by Installments.**  
Willie—Your papa's got only one arm,  
has he?  
Robbie—Yeth.  
Willie—Where's the other one?  
Robbie—It's up in heaven.—New York  
Times.  
Right is more beautiful than private  
affection and is compatible with un-  
iversal wisdom.—Emerson.

\*District Clerk. \*Primary Grade. \*Grammar Grade.

**A Picturesque Mountain.**  
In Surry county, N. C. there is a  
mountain whose outline displays a  
striking likeness to the sphinx of  
Egypt. It is in the northwestern part  
of the state, just east of the Blue  
Ridge range, and lies prone upon the  
Piedmont plains. At a distance of ten  
miles the figure is the exact counter-  
part of that of a gigantic lion, its body  
at right angles to the precipitous ridge  
and with head reared aloft as if in the  
act of rising.  
**Sympathetic.**  
Playwright—From the nature of my  
play you see it ought to close with  
some line or significant act from the  
hero in perfect accord with the feelings  
of the audience.  
Critic—Why not let him heave a sigh  
of relief, then?—Tit-Bits.  
**The one time in a man's life when he  
is satisfied to take a back seat is when  
he goes to church.**—Philadelphia Rec-  
ord.  
**Quite the Contrary.**  
Towne—He's the most disagreeable  
fellow I ever played poker with.  
Brown—A hard loser, eh?  
Towne—No; an easy winner.—Phila-  
delphia Press.  
**Conditions So Similar.**  
"Does that moon remind you of any-  
thing?" he asked, his mind reverting to  
their courtship days.  
"Yes," she answered.  
"What?" he asked.  
"You," she said; "on club nights."  
He looked again. Yes, the moon was  
in that condition.—Chicago Post.  
**Negative Virtue's Poor Reward.**  
"Why, papa," she argued, "you know  
Arbutnot never drinks, chews, smokes,  
gamble or sweats."  
"Yes, I know," the rugged unromantic  
old man answered, "but I don't want  
a chap for a son-in-law who merely  
doesn't do things."—Chicago Record-  
Herald.  
**Desperate Resolution.**  
Rivers (exhibiting it)—This is a neck-  
tie my wife gave me.  
Brooks—What are you going to do  
with it?  
Rivers (heroically putting it on)—I  
am going to try to live it down.—Chi-  
cago Tribune.  
**Her Weddings.**  
Mrs. Dearborn—Was your wedding  
in June?  
Mrs. Wabash—Yes; three of them  
were.—Yonkers Statesman.

**FARMER JOE'S SPEECH.**  
It was short, but it crushed the  
Bumptious Youngster.  
"You may get the better of an oppo-  
nent in debate," said an old time orator,  
"by sheer force of convincing argu-  
ment—that is to say, you may score  
and win on points—but if you want to  
put your man down and out at a single  
coup just make him ridiculous. Only  
succeed in doing this, and all the logic  
of the other side will explode in vacu-  
um like so many blank cartridges."  
"Once when I was serving a term up  
the state in the legislature a bumptious  
youngster who had just been introduced  
was laboring through his maiden  
effort. He was attacking a man who  
was his senior by at least a score and  
ten years and thought to make a hit by  
referring to him as 'that little gray-  
beard from Herkimer.' Rymal of Niagara  
rose to reply. He was an old timer,  
who never spoke unless he had some-  
thing to say and so was always sure of  
an attentive audience. Farmer Joe, as  
he was called, got up slowly, gradually  
expanded himself to his full height of  
6 feet 4, thrust his left hand behind the  
tails of a capacious and somewhat  
shabby frock coat, held up the index  
finger of his right hand, cleared his  
throat ominously and solemnly began:  
"Mr. Speaker, the honorable gentle-  
man who has just spoken has never  
read Pope's essay. If he had, he would  
remember that the 'soul's the standard  
of the man.' And, sir, fifty such souls  
as that of the honorable gentleman  
who preceded me could be put into the  
skull of a flea and have as much room  
there as two frogs in Lake Superior."  
"He didn't have to say more. The  
chamber went into a convulsion of

"You may get the better of an oppo-  
nent in debate," said an old time orator,  
"by sheer force of convincing argu-  
ment—that is to say, you may score  
and win on points—but if you want to  
put your man down and out at a single  
coup just make him ridiculous. Only  
succeed in doing this, and all the logic  
of the other side will explode in vacu-  
um like so many blank cartridges."  
"Once when I was serving a term up  
the state in the legislature a bumptious  
youngster who had just been introduced  
was laboring through his maiden  
effort. He was attacking a man who  
was his senior by at least a score and  
ten years and thought to make a hit by  
referring to him as 'that little gray-  
beard from Herkimer.' Rymal of Niagara  
rose to reply. He was an old timer,  
who never spoke unless he had some-  
thing to say and so was always sure of  
an attentive audience. Farmer Joe, as  
he was called, got up slowly, gradually  
expanded himself to his full height of  
6 feet 4, thrust his left hand behind the  
tails of a capacious and somewhat  
shabby frock coat, held up the index  
finger of his right hand, cleared his  
throat ominously and solemnly began:  
"Mr. Speaker, the honorable gentle-  
man who has just spoken has never  
read Pope's essay. If he had, he would  
remember that the 'soul's the standard  
of the man.' And, sir, fifty such souls  
as that of the honorable gentleman  
who preceded me could be put into the  
skull of a flea and have as much room  
there as two frogs in Lake Superior."

Perfection Ladies suits rank highest on account of their exclusive designs, high grade workmanship, and moderate prices. Miss Guerra will travel and take orders throughout the county. All orders sent in will be promptly filled. No advance deposit required.

Monday was labor day—the holiday consecrated expressly for the benefit of the laboring classes. Yet it was noticed that while the flag was flying over the court house, announcing a lay-off for all the employees of the county government, the toilers at manual labor were at work as usual. The schools reopened on that day also.

The funeral of Peter Mihajlovich, the Austrian who was killed by Mrs. Perovich last Friday morning, took place on Sunday. He was a member of the Catholic faith, and the funeral was conducted according to the rites of that church by Rev. J. J. Gleason. In our report of the tragedy last week, we stated that the deceased was a Montenegrin. This, we have since learned, was not the case. He was a native of Herzegovina, a province of Austria-Hungary, whereas Montenegro is an independent principality, having a constitutional monarchical government.

Tourists, teamsters and the traveling public generally will find that Calvin's station—the old John Harker place—is the best way-side station on the road to the mountains to stop at. Nice rooms and clean beds. The table is supplied with the best in the market; good barn accommodations for stock, and the finest water that can be found anywhere. Try this house, and be convinced. H. D. Calvin, proprietor. j13-14

O. E. Martin, the justice of the peace of Amador City, attended the republican convention in Jackson as a delegate, and was honored with the unanimous endorsement of the delegates of his township for renomination. He is one of the veteran republicans of Amador City; stood by the party and advocated its principles when the town was considered good for 75 democratic majority. Saturday last this republican war-horse must have been considerably surprised on seeing his name in the Ione Echo among the committee on credentials of the democratic convention held in Sutter Creek. Of course, Martin stands politically where he has always stood; it is the Echo man that has become somewhat mixed.

P. N. Peck was before the board this week, asking for \$100 as compensation for injuries received by an accident which occurred on the public road near Volcano on May 11 of last year. He was driving a one-horse buggy, and at a certain point his horse became frightened by the sudden appearance of some children from the mouth of a tunnel, which caused the animal to back the buggy clear over a precipice. The whole outfit fell 16 feet; buggy wrecked, man crippled, and horse maimed. He thought the county ought to give the sum above named as damages. Mr. McLaughlin opposed the claim, saying that it was a dangerous precedent to establish, which would throw the door wide open for demands of a similar nature. The board was unanimously of the same opinion, and denied the application. There is no doubt that Mr. Peck was badly crippled, physically and financially by the misfortune, but the supervisors held that the county was not liable, and could not sanction a claim of such a nature.

Look at the sign in the Jackson Shoe Store window and read it, and you win the dollar.

Fashionable dressmaking parlors on Nob Hill by Misses Barker and Edsinger. Prices reasonable.

Conveyances will be furnished to all pioneers who wish to participate in the parade on the 9th.

John A. Delucchi, the popular dentist of Sutter Creek, will be in Volcano September 8th, to remain there for one week for dentistry business.

W. E. Stirnman of Pioneer district, who has been on a vacation of several weeks with his family in San Jose, returned to Jackson Wednesday, and went up to his home in Defender the same day.

Ray Meehan, who was shot by Owen Fallon three weeks ago, is still confined to his bed. He is subject to fits of coughing which retard his recovery, and still impart a grave aspect to his case.

M. E. church services Sept. 7, 1902. Morning subject, "Holy Sabbath," 11 o'clock; evening subject, "Is there not a cause?" 7:45; Epworth League, 7 p. m. Closing services for conference year.

The front of the Pioneer saloon has been remodeled, and painted white. It makes a much neater appearance than formerly, and moreover gives more room inside.

C. H. McKenney, the lone tailor, makes monthly trips to Jackson, and brings with him 500 of the latest and most up-to-date samples in season. It will pay you to examine his samples before placing your order. He has the best lot of spring and summer suitings in Amador county.

McMillan, the photographer, has got out a souvenir postal card, showing an excellent view of Jackson taken from Peck's hill. Everyone should have one of these cards; 5c each; for sale at Freeman's and Moon's Penry's.

Now is your chance to win a silver dollar. The one writing the correct answer to our sign in our show window gets the dollar. Should there be more than one correct, numbers will be drawn to see who gets the dollar. One letter with every purchase made; to end on the 13th of Sept. Jackson Shoe Store.

Prof. F. Hamilton, the aeronaut, accompanied by his wife, came up from Sacramento yesterday morning. He brought with him the balloon with which he will make the ascension on the 9th. It is a new airship, stands 80 high, and measures 127 feet in circumference when fully inflated.

A pistol shot was heard near Main street Sunday evening about 10 o'clock. It proved to be a case of graveyarding. Who the object of this special distinction was we have not learned, nor the party who undertook the role of mock highwayman. The latter was looked for by the officers, but could not be found.

The balloon ascension is the grand draw of the 9th. Nothing like it has ever been witnessed in Amador county. A great air ship sailing to the height of over half a mile, and a daring aeronaut, with a small parachute, jumping from that height, and landing safely on terra firma, is a sight worth seeing. Don't miss it.

For Shoes. Redlick's Standard Goods.

R. M. Ford of Rencheria, was in Jackson Wednesday. He left with the county clerk his petition to be placed on the ticket as an independent candidate for supervisor in township 5. The petition contains sixteen names, which is more than the required number of three per cent of the total vote cast in the district at last election. The petition has not been filed as yet, as the law requires that it shall not be filed more than 30 nor less than twenty days preceding the election. Mr. Ford says he thinks he can beat both the regular candidates. He has been in politics a number of years, and ought to know something about the game by this time.

The Railroad Again.

M. K. Miller of Oakland and F. W. Kronenberg of San Francisco were in Jackson last Monday looking into the matter of building a railroad from Ione to Jackson. Mr. Miller is a civil engineer, and his visit here is for the purpose of ascertaining the sentiment of the people on the subject, and also to investigate the probable traffic that such a road would command. The gentlemen paid the Ledger office a visit on this mission, and interviewed the business men and mine owners. They went from here to Sutter Creek. They are looking into the cost of electric power, and all questions relative to the subject matter. Of course, nothing has been decided upon as yet. But they were here for business, and are satisfied that sufficient capital may be interested in the scheme, if there is reasonable ground for believing that the amount of traffic would give a fair profit on the investment. This move has nothing whatever to do with the Southern Pacific Company.

W. drill at 7:30 p. m. on the grand stand. Grand concert on the porch of the Amador Dispatch office, 8 p. m. All to conclude with grand ball at Love's hall. Grand march commences at 9:30 p. m. sharp. Tickets to ball \$1.50. Spectators \$1.00. Supper at Globe hotel, 50c per plate.

## Reported Miners' Union.

Reports have been current in Jackson and throughout the county that an effort is being made to organize a miners' labor union in this county, with headquarters in Jackson. Meetings have been held in the basement known as the Olympus cafe for three successive nights, for the purpose of launching a new secret society. An organization has been effected, but the exact nature and object of this new society is still an open question. Of one thing there can be no doubt. Persistent efforts have been made during the past three months to start an organization of some kind, confined largely, if not exclusively, to the laboring men. Whether the object of this move is to interfere in any way with the pleasant relations existing between employers and employees we do not know. It is no secret, that mine owners here are unalterably opposed to any dictation at the hands of employees. Rather than submit to anything of that kind the mines would be closed down. The Zeila was shut down thirty years ago as the outcome of an attempt of the miners' union to make suggestions to the owner regarding the management. The grim reply of Dr. Zeila to the men, was to "spike down the shaft right away," and it remained "spiked" for eight years. The management of that property is just as resolute and determined on this proposition as at that time. The revival of any scheme to hamper the mine-owners at this juncture, is to be deprecated. We have talked with A. Lubimar, who has been one of the active spirits in this movement. He is indignant that such a construction of the object of the move should be circulated, and says there is no truth in it. It is educational in its scope, the motive being to impart instruction in the English language to the foreign born population, to enable them to become citizens, and to help them along in other ways. It is to be called the "Union Education Club," or some name of that kind. It is of a beneficiary character, but has nothing whatever to do with the question of wages, or other matters pertaining to the mining industry. There is no objection, he says, to receiving some trusted person as the representative of the mine owners into the order, who shall have full authority to report to said owners any drift of the organization toward interference with the relations between capital and labor. This is fair, and ought to satisfy all parties.

## Diminishing in Value.

The long stretch of iron pipe that was laid on the Ione road from Martell's station to the Morrow grade, is still there, and diminishing in value with the lapse of time. Another season or two will make it almost absolutely worthless. Perhaps, at present, it might command a small price over the cost of taking it apart and carrying it elsewhere. When the matter was started a year ago as to what should be done with it, and how the indebtedness against it should be liquidated, the Ledger was the only paper in the county that was outspoken in the opinion that it should be sold for whatever it would bring, and the money used to pay off the debt created by the sprinkling experiment. It was decided at a meeting called to consider the subject, that an effort ought to be made to raise the money by subscription, and that the pipe should remain in idleness for awhile, awaiting events. A collecting committee was appointed in each of the three townships interested, and there the matter ended. In the meantime the outfit that cost such a large amount of money has deteriorated almost to the zero point. What has become of the indebtedness we do not know, but would be pleased to learn as to its status from those who do know.

## Fingers Cut Off.

A serious accident befell Ab. Williams, son of S. E. Williams, the teamster, on Tuesday afternoon. He was engaged with his father and others in packing the material belonging to Berneschi, of the old toll house saloon, from the Olympus basement, and loading the same on a wagon outside. Part of this material consisted of some heavy casks containing vinegar, etc. In getting one of these through the doors of the basement, young Williams' left hand was caught between the barrel and the cement wall. The iron hoop forming the edge of the barrel caught the two middle fingers, just below the nails, and such was the weight that the finger tips were cut clear off, as though done with a sharp knife. Dr. Schacht was summoned, and the decapitated fingers were dressed. The patient is getting along nicely. The misfortune is a severe one, not only to the victim himself, but to his father, who has to look to his stalwart son to do the main share of the heavy handling.

## Glove Contest Sept. 8th.

Next Monday evening the Jackson Athletic club will give a 20 round glove contest in the Athletic club room, Webb hall. The boxers are Ralph Brown of Electra, who has already figured in two bouts in Jackson, and came out victorious, and Joe Podesta of Jackson. Podesta has not figured before the Jackson public heretofore. He is said to be unusually clever in the many art. Those who are posted in such matters, and who have seen both men at work, are of the opinion that the man from Electra will have his hands full this time. He has had comparatively easy game so far. In sparing for practice the other day with young Casey, the boxers got their fighting blood up, and went at it in earnest, with the outcome that Brown received an ugly gash over the left eye, and Casey got a blow on the head that raised a bump not on the phenologist's chart. Brown has carried a plaster over his optic since. It is expected that the wound will be completely healed by Monday night.

## House and Lot For Sale.

## The Best Prescription For Malaria

Chills and Fever is a bottle of Grove's Tasteless Chilli Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

The next bottle of whisky you buy resolve to try the "Jesse Moore." You've heard it was the best; prove it by practical test.

## BUTTE CITY.

Sept. 1.—A party was given at the residence of W. E. Stewart Saturday last. A crowd of young people were there, and all enjoyed themselves immensely. At 12 o'clock all took their partners for the supper march. On the supper table was a napkin with the word "Tucker" on it, and the lucky one who got it was to be tucker in dancing after supper. Geo. Courtwright got the napkin. Dancing was kept up until 5 o'clock in the morning, and all departed happy and contented. Those present were: Mr. and Mrs. Geo. Courtwright, Mr. and Mrs. W. E. Stewart, Mr. and Mrs. Sherman Clark, Mrs. Luna Clark, Miss Addie Myers, Miss Winnie Williams, Miss Norma Courtwright, Miss Eva Gomas, Miss Sadie Chivolla, Miss Bell Stewart, Annie Clark and Annie Stewart; Eugene Myers, Will Clark, Angeline Podesta, Arthur Greenwood, Frank Everhardt, Jack Lagasmano, Charley Rugne, Lester Greenwood, Henry Stewart, Alfred and Charley Stewart, Edward Clark.

F. L. Stewart returned home Saturday from a few months' visit in Sacramento.

A. L. Stewart and cousin, Mrs. Francis A. Wanning, of Rochester, N. Y., have gone to the big trees on a pleasure trip.

Mrs. Caroline Erhardt of Sacramento, is visiting relatives at Butte City.

Alfred Sparks of San Francisco, is visiting W. E. Stewart. He intends to stay a few weeks, as it agrees with him here.

W. E. Stewart returned home last week from San Francisco, where he was receiving medical treatment. He is getting along nicely the last few days.

## COONEY.

From Pine Grove.

Rev. Geo. W. Beattie, pastor of the M. E. church, who has labored very acceptably in this field for the past year, left Tuesday for the purpose of attending conference, which meets at Pacific Grove next Wednesday. It is hoped that he will be returned.

N. C. Williams has hauled a quantity of lumber to Pioneer for the purpose of building the new church. The sum of \$70 was raised by entertainment recently for this object, and with donations of lumber, labor, and money already promised, it is believed the church will be secured with little or no debt upon it when completed.

The general impression is that the closing of the Mitchell mine is merely temporary. Those who worked there say there is fair paying rock. It is unaccountable that the mill should be enlarged to double its capacity, on the strength of the underground developments, and the mine closed down before the extra stamps could be brought into action. The mine is somewhat behind in wages, which is nothing in itself against the property, as the building of the new mill has involved heavy expense. It may be, that the management, which has always been careful and prudent, has concluded to hang up the stamps, and suspend work, until all arrears due the miners are paid. The sum is small. Some again are inclined to believe that the suspension means a probable change in the control of the property. Anyway it is hoped that arrangements may be speedily made to resume work. This mine is looked upon as favorably situated for proving the value and extent of the gold-bearing ledges of this region. It is pioneer in its character, and for that reason its development was watched with more than ordinary interest by the residents of this section.

## You Know What You Are Taking

When you take Grove's Tasteless Chilli Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No Pay. 50c

## WIELAND.

Supt. George Horn will put on a double shift at the Horn mine this week.

At the Defender the new bunk and cook house is completed, and work on the mill is going on rapidly.

The Mitchell mine closed down last Saturday. All the pay rock from the bottom of the shaft to the surface has been milled. Sinking deeper will have to be done before any more milling, and Supt. Hyner has gone to San Francisco to make arrangements for further development.

Sinking is prosecuted day and night at the Edinburgh Co.'s shaft. Contrary to expectations, very little water has been encountered since water level was reached. The ore shows up well in galena and free gold.

The water is being still kept out of the shaft at the Amador-Phoenix mine. William Beldrain reports that the miners of the Pioneer district are joining the miner's union as fast as they can be enrolled.

## A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Willford, Ark. "His foot was badly crushed, but Rucklen's Arnica Salve quickly cured him." It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by D. B. Spagnoli.

## Notice.

Having disposed of the Louvre restaurant and saloon, all parties knowing themselves to be indebted to me, will please settle their bills at once, and thereby save costs.

## Board of Education.

The board of education of Amador county was in session nearly all of last week for the examination of applicants for teachers' certificates. These examinations for applicants are now held only annually, instead of semi-annually, as formerly. Notwithstanding this fact, there were only nine persons before the board to submit to the examination—the smallest number we believe that was ever before the board in any one year since these examinations were held. Of the nine applicants four succeeded in passing, and were awarded grammar grade certificates as follows: Miss Mayme B. Thomas and Miss Josephine D. Mooney of Amador City; Miss Edna M. McWayne of Drytown; and Miss Edna A. Rust of Jackson. Miss Mary E. Tierney of Ione and Miss Margaret Payne of Sutter Creek were recommended to the state board for grammar grade life diplomas. Miss Clorinda Cassinelli of Volcano was recommended to the state board for a document to accompany her normal school diploma. This was all the business transacted. One of the principal reasons for the falling away in the number of those seeking the school teaching profession is that primary grade certificates having been abolished, it is much more difficult to pass the ordeal now than formerly.

## Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure, and if neglected may linger along for months. A long siege like this will pull down the strongest constitution.

One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. Kerr's Pharmacy, Jackson.

## Bad Indeed.

Losing flesh is indeed a bad sign. Take Scott's Emulsion for it. For weak digestion, for defective nourishment, for consumption, take Scott's Emulsion. It restores flesh because it strikes at the cause of the loss.

## MINING NEWS.

MITCHELL.—Operations at this mine have come to a standstill. The full number of stamps—twenty—had not come into play when the shut-down came. It is hoped that the suspension is only temporary. There is said to be a large ore body, but the grade is lower than was anticipated.

ZEILA.—Immense quantities of heavy square timbers and other lumber, are being hauled to this mine, preparatory to commencing the work of re timbering the shaft for a distance of 400 feet. Two hundred thousand feet has been ordered, which is about the quantity necessary to complete this work. It will take at least three months to do this re timbering, during which time no hoisting of ore can be done, and the mill will consequently be shut down. It has not yet been definitely decided when this shaft repairing will be started.

## Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. De Witt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accidents, no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "De Witt's Witch Hazel Salve cured me in a short time." Soothes and heals. Kerr's Pharmacy, Jackson.

## CAMP OPRA.

CAMP OPRA, Sept. 1.—On Tuesday afternoon of last week J. Q. Horton tripped and fell, sustaining a very painful injury to his right leg. For a time it was thought that the thigh bone was broken, but Dr. Endicott, who was called to attend him, pronounced it a very severe strain of the muscles. Mr. Horton expects to be able to be about, with the aid of crutches, in a few days. The gravel claim here is shut down at present for the lack of water to operate it.

Miss Edna Rust of Jackson, has been selected as teacher of our school.

Miss Ethel Wharf has returned from the fruit fields. It will be some weeks yet before the other members of the party who went from here in June return.
